TYPES OF LONG DISTANCE CALLS

Station-to-Station

Direct Distance Dialed (DDD) calls are station-to-station calls. Call station-to-station if you'll talk with anyone who answers. Rates are lower than for person-to-person calls and charging begins when the telephone you've called is answered.

Person-to-Person (Dial Operator)

Call person-to-person when you wish to talk with a particular person or extension. Tell the Operator you wish to make a "person-to-person" call and give her the Area Code for the city you want, the telephone number, and the name of the person you are calling. Rates are higher than for station-to-station calls. Charging starts when conversation begins with the person you've called.

Collect (Dial Operator)

You can call "collect" if the person or firm you're calling agrees to pay the charge. If you want to make a "collect" call, tell the Operator and give her the Area Code for the city you want and the telephone number.

Conference (Dial Operator)

You can talk with several people in different places at the same time. Dial Operator and tell her you wish to make a conference call.

Mobile, Marine and Overseas Service (Dial Operator)

You can make Local and Long Distance calls to automobiles, trucks, trains, aircraft and boats equipped for telephone service and to practically all the world's telephones. Some Mobile and Marine calls can be completed by dialing, others must be completed by the Operator. On overseas calls, dial Operator and ask for the Overseas Operator and give her the name of the country you're calling.

Inward WATS

Station-to-station Long Distance calls may be made without charge to you to those customers who have Inward Wide Area Telephone Service. They offer this service to their customers calling from specific locations. Dial the access code plus Area Code 800 plus the special numbers of customers with this service. To reach Directory Assistance for Inward WATS dial the Access Code plus Area Code 800 plus 555-1212.

Time and Charges

Customers, when placing calls, may request from the "OPERATOR" the amount of time charged to the call and the costs associated with the call.

Bill to the Third Number

Customers may place calls and transfer the charges to another telephone, subject to verification by the operator. This service requires "OPERATOR" assistance. The call may be either station-to-station or person-to-person.

Credit Card

A telephone credit card is a convenient way of making Long Distance calls when away from home. All calls placed using your credit card will be charged to your home or business telephone number. To apply for a credit card, call our business office.

Coin Calls

From coin telephones, see the instruction card on or near the telephone, or dial "OPERATOR".

River Valley, Arkansas
04788 © Continental Telephone Company of Arkansas 1979

DIRECT DISTANCE DIALING

With Direct Distance Dialing (DDD), you can dial your own station-to-station long distance calls. To make Direct Distance Dialing possible, the nation has been divided into more than 120 geographic areas. Each area has its own three-digit "Area Code," (see map on Page 9).

You probably can obtain the area code of the place you are calling by checking the map. If the map does not clearly show the area code you want, and it is not listed in the introductory pages of your directory, call the operator and she will give you the area code.

You can dial direct to almost any telephone with a seven-digit or a two letter, five-digit number.

FROM ALL TELEPHONES (Except Coin Telephones)

When dialing station-to-station calls

within the 501 area _____ **Dial 1 + seven digit telephone number**

outside the 501 area _____ **Dial 1 + area code + seven digit telephone number**

After you have dialed the number an operator may be connected with you momentarily, and request the details necessary to complete your call, such as your telephone number if you are on a party line or made an error in dialing.

When dialing person-to-person, collect and credit card calls

within the 501 area _____ **Dial "0" (OPERATOR)**

outside the 501 area _____ **Dial "0" (OPERATOR)**

After you have dialed "0" an operator will answer and request the details necessary to complete your call. Give the operator your special instructions as follows:

For person to person calls — say "person to person" and give the operator the name of the person you are calling, and the number you are calling.

For collect calls — say "collect" and give your name, and the number you are calling.

For credit card calls — say "credit card call" and give your credit card number

HOW TO GET OUT-OF-TOWN NUMBERS

If you do not have the number in the city you are calling, dial 1 plus the Area Code of the town you wish to call, then dial 555-1212. If the town you wish to call is within the 501 Area you need not dial the Area Code. There is no charge for these calls.

HOW TO REACH WATS DIRECTORY ASSISTANCE

Dial "1" where required, then Code "800" plus 555-1212.

ALASKA, HAWAII, CANADA, MEXICO AND OVERSEAS CALLS

The operator can provide you with station-to-station and/or person-to-person rate information.

YOU WILL NOT BE CHARGED

- If you hang up before the complete number is dialed.
- If the phone you called is busy or does not answer.
- If you reach a wrong number. (Dial the Operator immediately.)
- If you call Directory Assistance in another city.

IF YOU NEED HELP

If you are cut off, encounter difficulty in hearing or experience any other trouble, just dial "Operator" and report it to her. She will be glad to help you.

Rates are those in effect at the time this directory was closed for printing and are subject to such changes as may be made from time to time.

Discounts are applied to the total charges for direct-dialed station-to-staton calls. For operator-assisted calls, discounts are applied only to the charges for aditional minutes over the first 3 minutes. Charges are based upon rates in effect at the time of connection at the calling point. This also includes calls beginning in one rate period and ending in another.

Alaska, Hawaii, Canada, Mexico and Oveseas Calls: The operator can provide you with station-to-station and/or person-to-person rate information. Your operator will be glad to provide rates to points not listed above.

On New Year's Day, July 4th, Labor Day, Thanksgiving and Christmas Day evening rates appy from 8 a.m. to 11 p.m. Night rates apply from 11 p.m. to 8 a.m. If the holiday occurs on Saturday or Sunday, night rates apply up to 5 p.m. Sunday. This does NOT include Alaska and Hawaii.

04788 © Continental Telephone Company of Arkansas 1979

AREA CODES FOR FASTER LONG DISTANCE CALLING

Even on calls you must place with the Long Distance Operator, the area code will help you get them through faster. Just give her the area code, if it is different from the one for the phone you are using, and the telephone number you want. For example, say "Area code 311, 555-2368." If the Operator needs to know the place name, she will ask for it.

AREA CODES FOR SOME CITIES

Dial 1, then dial the Area Code, followed by the telephone number.
Directory Assistance for all points can be reached without charge by Direct Distance Dialing. Dial 1, then the proper area code and 555-1212.

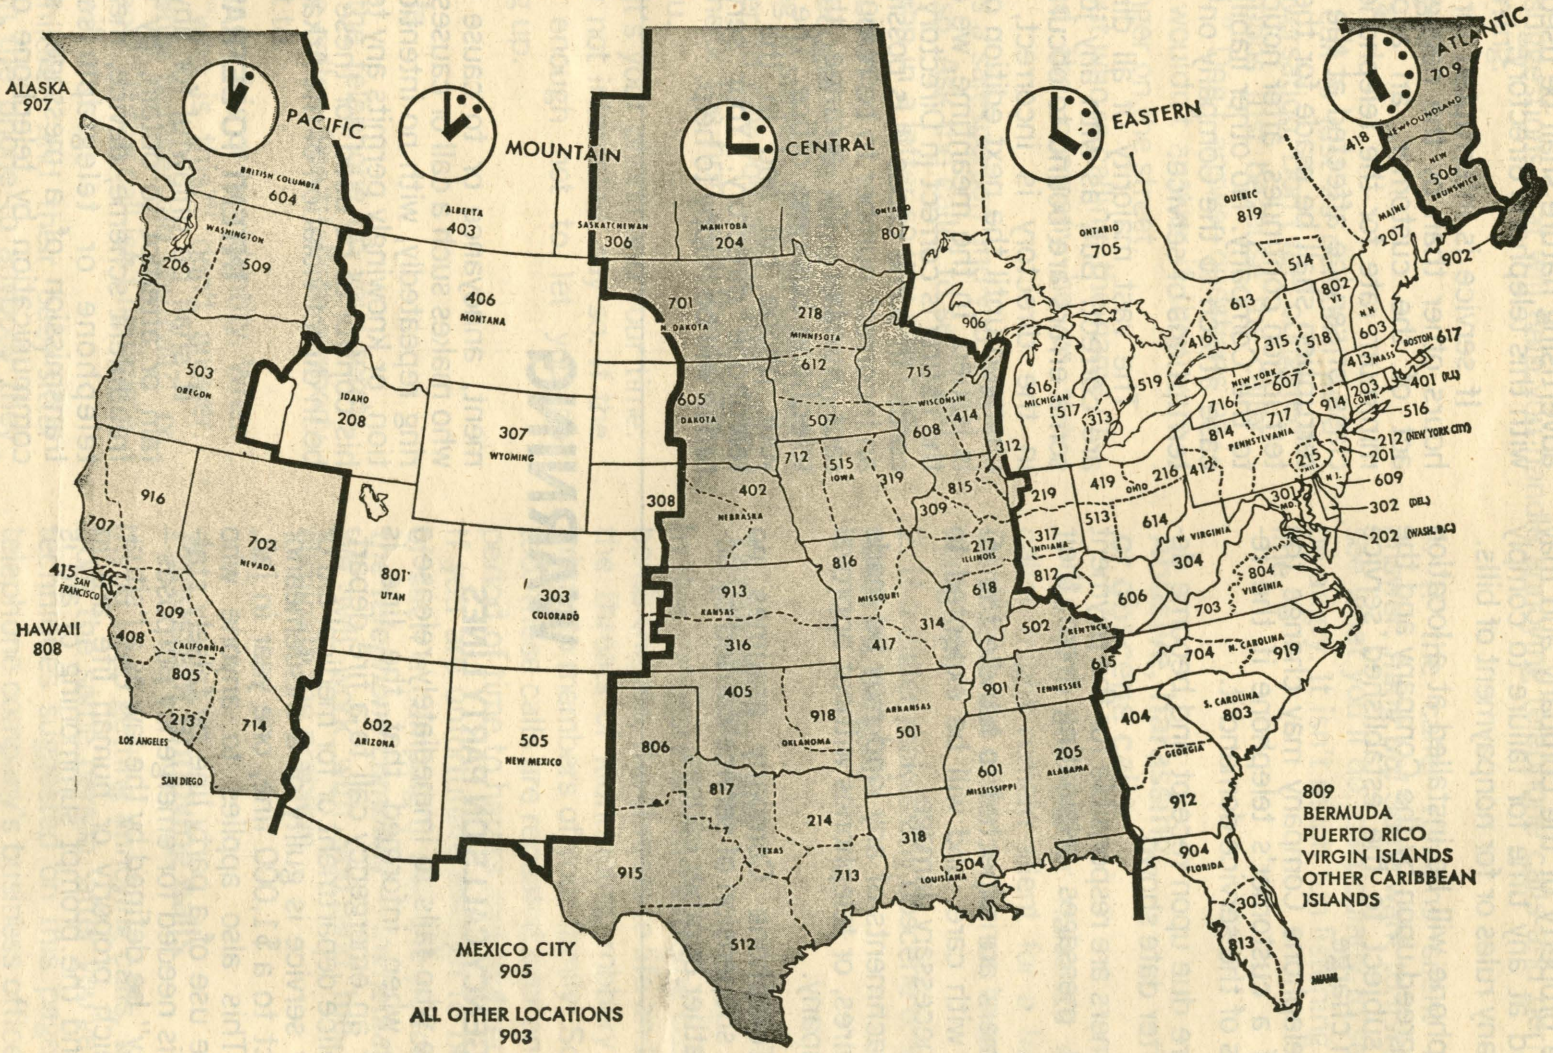
NATION-WIDE AREA CODES



GENERAL INFORMATION

The telephone instrument and equipment remain the property of the company and may be removed at any time for failure to comply with company rules or for nonpayment of bills.

A telephone will be installed at a location mutually agreed upon by the Company and the customer subject to the established service connection charge.

The Telephone Company may change the number of a customer's telephone if the requirements of the service demand it.

Bills are due upon receipt and become delinquent after date shown.

Customers are responsible for the payment of all toll messages originating from their telephone.

Customers are expected to handle the instruments with care, and will be expected to pay for unnecessary damage.

No attachments of any kind may be made to poles, wires, or telephones without approval of the Company.

The Telephone Company assumes no liability for suspension of service caused by accident, weather or other causes.

No binder, holder or auxiliary cover of any advertising nature shall be used in connection with this telephone directory.

If service is interrupted for more than 24 hours other than by the negligence or willful act of the customer, an allowance at the minimum rate for the telephone facilities and class of service affected at the time of the interruption shall be made for the time such interruption continues, after notice and demand to the Company. No other liability shall in any case attach to the Company on account of interruptions of service.

The vast majority of all directory listings are correct. But, as with any job of this size, some errors are bound to occur. If your listing in the directory is incorrect, it cannot be changed until the next edition of the directory is issued. In the meantime, we can make sure the listing is correct in Directory Assistance records. In some cases it is possible for calls to an incorrect number to be rerouted to the correct number. To arrange this, call your telephone business office. The number is on your phone bill and in the front of your telephone directory. Your service representative will be happy to help.

WARNING

EMERGENCY CALLS ON PARTY LINES

Anyone who fails to immediately release a party line when informed that the line is needed for an emergency call to a fire department or police department or for medical aid or emergency service is guilty of a misdemeanor and subject to a $1,000 fine, one year in jail, or both. This also applies to anyone who secures the use of a party line by falsely stating that it is needed for emergency purposes – "emergency" be defined by the law as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

LEWD LASCIVIOUS OR INDECENT LANGUAGE OVER THE TELEPHONE

Another violation of Arkansas law, punishable by $1,000 fine, one year in jail, or both, is a call made for the purpose of harassment, annoyance or to cause alarm. Anyone who makes such a call or causes a telephone to ring repeatedly, with no intention of conversation, or knowingly permits any telephone under his control to be used for these purposes shall be in direct violation of the Arkansas law.

INTENT TO DEFRAUD

It shall be unlawful for any person to obtain or attempt to obtain, by the use of any fraudulent scheme, device, means or method, telephone or telegraph service or the transmission of a message, signal or other communication by telephone or telegraph, or over telephone or telegraph facilities with intent to avoid payment of the lawful price, charge or toll therefor. Any person who violates any provision of this statute is guilty of a misdemeanor and upon conviction shall be prosecuted.

River Valley, Arkansas

What to do about annoying telephone calls

Here are some suggestions that will help you handle annoying telephone calls and perhaps keep them from recurring.

Annoying sales or survey calls

1. A telephone call is just as personal as a fact-to-face conversation. Don't feel obligated to answer questions just because the caller sounds "official." Don't answer questions on the phone you wouldn't answer if they were asked by a stranger on the street.

2. Always find out who is calling; the name of the person and the company he or she represents.

3. If the caller is a salesperson and you aren't interested, say so. Ask the caller to send you all the information in a letter so you can consider it at your leisure.

4. If you don't recognize the name of the company conducting a survey, offer to call back or ask the caller to call you again after you have time to check the firm with the Better Business Bureau.

5. Remember, it's your phone and your time. If you're simply not interested, say so. If the caller is rude enough not to let you go graciously, hang up.

Nuisance calls

1. Always use the telephone on your terms, not those of the caller. Don't talk to anybody unless you want to.

2. Ask the caller for his or her identity. When a voice asks, "who is this?" don't answer. Instead, ask "What number did you call?" or "Who do you want?" If the call isn't ligitimate, that very likely will end it.

3. Tell your children and their baby-sitter never to talk on the phone to anybody they don't positively recognize. An innocent comment like "Daddy's out of town" could be helpful to a burglar. Teach them to ask for the number so someone can call back later.

4. If the caller remains silent after you answer, ***hang up!*** Some want to listen, just to see what you'll do, particularly to see if you'll be angry. It isn't much fun listening to a dead line.

Abusive, harassing or obscene calls

1. As with the milder nuisance calls, this caller might remain silent for a little while. Don't give the caller a chance to get started. Hang up!

2. If a caller makes any obscene or suggestive remarks, hang up.

Threatening calls

In this category are the extreme cases — the bomb threats, the threats to life and property, the threats of kidnapping, robbery or bodily injury to members of your family. Sometimes, too, these calls are repeated over an extended period of time to harass and frighten a family. If you are unfortunate enough to be a victim of such a campaign, ***call the police and call the telephone company — immediately.*** We will work with you and the police to eliminate the problem.

Persistent annoying calls

If you keep getting annoying calls, apparently from the same person, after you've used the techniques suggested on this page, call the telephone company's business office. We'll do our best to help.

We have representatives who are trained to investigate, and help identify the source of these calls.

1300 S ARKANSAS RUSSELLVILLE

When furnishings are scrubbed "steamed" or shampooed or when "do-it-yourself" sudsed powdered or sprayed much or all of the clinging, greasy grime goes deeper, to breed germs and to seep back to resoil the surface.

When **Duracleaned,** soil comes *OUT*

Laboratory tests showed scrubbing took out only 46% as much soil as Duraclean. Do-it-yourself ways removed less or NONE.

Leading carpet and furniture makers recommend Duraclean Craftsmen to take the soil OUT and to prolong the life of the fabrics and carpetings they make.

REFUND OR REPLACEMENT GUARANTEED TO CONSUMER BY PARENTS' MAGAZINE IF PRODUCT OR PERFORMANCE IS DEFECTIVE & REPORTED WITHIN 30 DAYS OF PURCHASE

Editorial pages in House Beautiful, Parents' Magazine, House & Garden, McCalls, commend Duraclean.

No soaking or scrubbing. Dull colors revive . . . pile rises . . . fabrics enliven.

DURACLEAN RUG & UPHOLSTERY CLEANERS

7 ON-LOCATION SERVICES

include: soil retarding, moth-proofing, replacing carpet tufts, fire resistance, control of carpet static, stain removal. Worldwide.

ALL POINTS RELOCATION SERVICE INC

ALL POINTS RELOCATION SERVICE, INC.

The difference between a successful home purchase and an unhappy experience when relocating is often a matter of minutes . . . the minutes it takes to match your home needs to the services of a Realtor who really cares. In the Arkansas River Valley that's . . .

Remember, to the caller, there is no such thing as an unimportant telephone call. Otherwise, he wouldn't have taken the time and trouble to call you in the first place.

WHEN YOU HAVE NEWS TOO GOOD TO KEEP... LONG DISTANCE IS THE NEXT BEST THING TO BEING THERE

KEEP THE BOOK BY THE PHONE

yellow pages

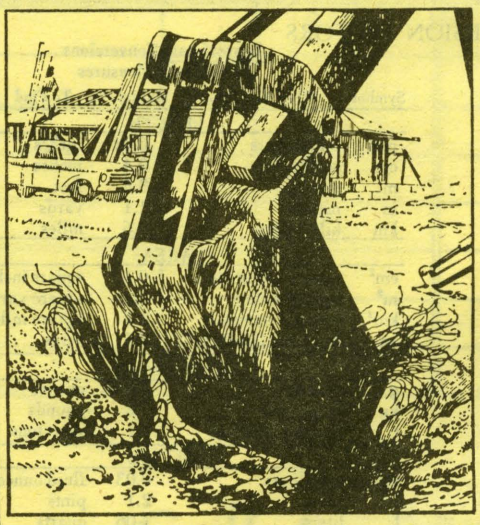
-and have local numbers at your fingertips.

555-1212 is a magic number. You can obtain distant telephone numbers in cities throughout the country, simply by dialing one, plus the area code (if it's different from yours) plus 555-1212. It's the universal directory assistance number.

dial before you dig

YOU MAY BE DIGGING INTO UNDERGROUND TELEPHONE CABLE OR CONDUIT.

FOR INFORMATION CONCERNING THE LOCATION OF UNDERGROUND CABLE, CALL YOUR LOCAL TELEPHONE COMPANY BUSINESS OFFICE OR REPAIR SERVICE.



All You Will Need to Know About Metric

(For Your Everyday Life)

10

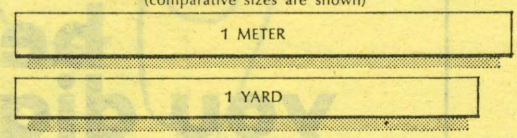
Metric is based on Decimal system

The metric system is simple to learn. For use in your everyday life you will need to know only ten units. You will also need to get used to a few new temperatures. Of course, there are other units which most persons will not need to learn. There are even some metric units with which you are already familiar: those for time and electricity are the same as you use now.

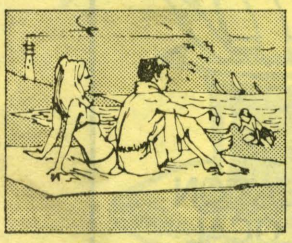
BASIC UNITS

METER: a little longer than a yard (about 1.1 yards)
LITER: a little larger than a quart (about 1.06 quarts)
GRAM: a little more than the weight of a paper clip

(comparative sizes are shown)



25 DEGREES FAHRENHEIT

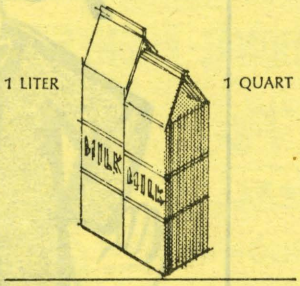


25 DEGREES CELSIUS

COMMON PREFIXES
(to be used with basic units)

milli: one-thousandth (0.001)
centi: one-hundredth (0.01)
kilo: one-thousand times (1000)

For example:
1000 millimeters = 1 meter
100 centimeters = 1 meter
1000 meters = 1 kilometer

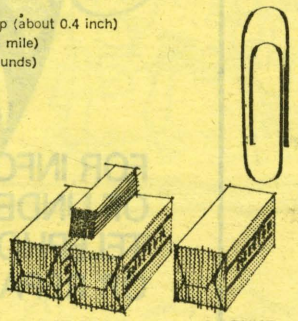


OTHER COMMONLY USED UNITS

millimeter:	0.001 meter	diameter of paper clip wire
centimeter:	0.01 meter	a little more than the width of a paper clip (about 0.4 inch)
kilometer:	1000 meters	somewhat further than ½ mile (about 0.6 mile)
kilogram:	1000 grams	a little more than 2 pounds (about 2.2 pounds)
milliliter:	0.001 liter	five of them make a teaspoon

OTHER USEFUL UNITS

hectare: about 2½ acres
metric ton: about one ton



TEMPERATURE
degrees Celsius are used

Protect America's vanishing resources

Continental Telephone Company in cooperation with the National Wildlife Federation is concerned about the need for preservation of America's endangered species.

Each of the beautiful animals shown on our cover is an endangered species. Their numbers are so few that they are in danger of vanishing — forever.

The National Wildlife Federation doesn't want to see that happen. Much of its work is aimed towards protecting creatures such as these — each a precious part of America's priceless wild heritage.

As the world's largest private, non-profit conservation organization, the Federation seeks to preserve and protect all of our country's invaluable natural resources, and to educate the public to use those resources wisely.

The artwork is reproduced from paintings by some of the world's leading wildlife artists. Each appeared originally as one of the National Wildlife Federation's Conservation Stamps. These stamps, produced and distributed in the billions since 1938, serve as the backbone of its conservation education programs.

Donations to the Federation, in return for the lovely stamps, are working — right now — to protect America's vanishing resources.

To find out more about the National Wildlife Federation, write to: —
